

Single gang customisable button with integral sounder and LEDs – S1703PTC range

Available with Red, Blue, Green or Yellow LEDs. e.g. S1703PRTC for Red Led's. Supplied with engineer changeable paper label and back box for surface mounting, can be fitted to standard single gang galvanised back box for low profile mounting.

LEDs are current limited for 12 vdc operation.

NOTE: These buttons should NOT be used for switch feeds to door strikes or mag locks etc... Consider the S1760PTC version for higher current applications.

The S1703PTC comes supplied with a selection of pre-printed paper labels ready to fit. A plain label is also supplied, customisation is simple with a labelling machine.
