

Customisable button with LEDs and sounder

S1703PTC

A customisable wall mounted general purpose button in white ABS complete with a single gang mounting box. This is a non-latching unit with a N/O contact. The LEDs are available in RED, BLUE, GREEN or YELLOW. The LEDs and sounder have separate terminals for acknowledge purposes. The LED and sounder current limit resistor is provided for 12vdc operation.

NOTE: These buttons should NOT be used for switch feeds to door strikes or mag locks etc... Consider the S1760PTC version for higher current applications.

The S1703PTC comes supplied with a selection of pre-printed paper labels ready to fit. A plain label is also supplied, customisation is simple with a labelling machine.

Specification	S1703PTC
Led Current	35mA @12vdc
Sounder Current	25mA@12vdc
Switch Contact	50mA @12vdc Normally Open
Visual Indication	2 x LED's
Integral Sounder Level	70db @10cm
