

# Customisable Multi-Function Push Button with Sounder and LED's

## S1760P

A wall mounted button in white ABS complete with a single gang low profile mounting box.

This is a MULTI-FUNCTION button that provides DPCO contacts rated at 2A 30vdc for use with equipment such as maglocks and door strikes. The function of the button can be changed (Momentary, Latching, Delayed latch and Commutate). Two LEDs and an integral sounder are provided. The LED's indicate when relay is switched, the sounder beeps as relay changes. The LEDs are available in RED, BLUE, GREEN or YELLOW. This product requires a continuous supply of 12vdc.

The S1760P comes supplied with a selection of pre-printed paper labels ready to fit. A plain label is also supplied, customisation is simple with a labelling machine.
