

Wireless Aidalarm Outdoor Light & Sounder

S1778W

Wireless overdoor light and Sounder with 8 high brightness yellow LEDs. The single gang low profile white ABS enclosure is supplied with a surface mounting back box. Battery status is monitored by the control panel. When the battery requires replacing, the control panel will indicate a fault. When fault is indicated replace all batteries within the system. The system should be tested monthly and we recommend that all batteries are replaced every twelve Months.

This wireless unit is specifically designed for use with our wireless Aidalarm Disabled Toilet Alarm systems.
