

Relay Module

S312N-16B- PSU

This enclosure includes 16 of our S312N interface relays along with a 5A 12vdc power supply which is capable of battery charging. All of the relays operate independently of each other but have power pre-connected for convenience. The S312N devices accept a variety of input conditions (Voltage, Logic, Closed Circuit and Open Circuit) for interfacing various signals via voltage free DPCO contacts.

Specification	S312N-16B-PSU
Led Current	N/A
Switch Contacts	DPCO contacts rated at 2A
Visual Indication	16 x Red located on inside of box
Integral Sounder Level	N/A
Power Supply	Integral 230vac to 12vdc 5A
Tamper	Yes
Material	Relay mounted within steel enclosure
Dimensions	400 x 300 x 95 mm
Weight	2.2kg
IP Rating	N/A
Approvals	UKCA and CE marked, ROHS compliant

Benefits and Features

- 16 x Relay mounted within a steel enclosure
- Fitted with a 5A 12vdc power supply unit
- Knock outs for cable entry
- Intended for internal use only
- Relay has screw terminals for easy connection
- Manufactured in the UK
